Statement of Work (SOW) for Paid Directory Listing Website

Project Title: Paid Directory Listing Website for Manufacturers and Service Providers

Client: vyaparbusiness.com

Project Overview: This project involves the development of a Paid Directory Listing website designed for manufacturers and service providers, including restaurants, training centres, etc., who are seeking new distributors and franchisees. The website will provide a platform for manufacturers and service providers to list their business details, products, and connect with interested distributors. The portal will be subscription-based, with multiple plans available for manufacturers to choose from.

Scope of Work

1. Website Development

- **Platform**: WordPress
- **Design**: Fully responsive, optimized for desktop, tablet, and mobile devices.
- **Hosting & Domain**: Provided by the Portal Owner.
- **Subscription-based Model**: Manufacturers and service providers will pay a subscription fee to get listed on the portal. Multiple subscription plans will be available for users to select from.

2. Features and Functionalities

- **Manufacturer Listing**:
  - Admin Panel will allow the website administrator to add manufacturers/service providers with the following details:
    - **Brand Overview**: Brand name, logo, corporate office address, GST, PAN, etc.
    - **Business Profile Page**: Investment required to become a distributor, space required for distributorship, current number of distributors, and business overview.
    - **Product List**: Manufacturers can add products they manufacture with images and product details.
    - **Contact Details Section**: Interested distributors can submit their information directly to the manufacturer via the contact form.

    - **Categories**: Manufacturers will be categorized based on industry, product type, etc. There will be no limit to the number of categories or manufacturers that can be added.
- **Search Functionality**: A robust search feature will allow distributors to search for manufacturers based on categories, location, products, etc.
- **CTAs**:
    - Multiple calls-to-action (CTAs) will be implemented for both distributors and manufacturers to encourage engagement (e.g., "Contact Manufacturer", "Become a Distributor", "Subscribe Now").
- **Google Integration**:
    - Google Analytics (GA) for tracking website traffic.
    - Google My Business (GMB) integration for manufacturers to manage their online presence.
    - Google Search Console for SEO purposes and submission of sitemaps.

3. Admin Panel:

- The admin panel will allow the website administrator to manage the listings of manufacturers, subscription plans, and user interactions.
- Admin can approve/reject manufacturers' submissions.
- Admin can manage categories and product listings.

4. User Registration and Subscription Plans:

- Manufacturers and service providers will be required to create an account to subscribe to the platform.
- Multiple subscription plans will be available with different features, such as:
    - Basic Plan: Limited features and visibility.
    - Premium Plan: Advanced features with additional benefits such as featured listings.
    - Custom Plan: Tailored for large-scale manufacturers with more visibility options.

5. Training & Support:

- Video training will be provided for manufacturers to guide them through the process of listing their business and managing their profile.
- Additional support will be available via phone or video calls for further clarification or assistance.

6. SEO and Digital Marketing:

- On-page SEO optimization, including keyword integration and meta tags.
- Implementation of Google Analytics, Google Search Console, and Google My Business for better visibility and performance tracking.

- Initial setup of the website for submission to search engines and other directories.

Deliverables

- Fully functional website with a WordPress CMS
- Admin Panel for managing manufacturer listings
- Search functionality for users to find manufacturers
- Integration of Google Analytics, Google My Business, and Google Search Console
- Video training for manufacturers
- Multiple subscription plans with online payment integration

Timeline

- **Project Start Date**: 5-Dec-2024
- **Phase 1 - Requirements Gathering & Design**: 1 Day
- **Phase 2 - Development & Implementation**: 6 Days
- **Phase 3 - Testing & QA**: 1 Day
- **Phase 4 - Deployment**: 1/2 Day
- **Project End Date**: 14-Dec-2024

Cost

- **Total Project Cost**: 25,000
- **Payment Milestones**:
  - 50% upfront payment upon project initiation.
  - 50% upon final delivery and approval.

Payment Terms

- Token Money: 3000/-
- Balance 22,000/- On going Live
- No additional Cost beyond this; All content, images, icons, logo etc. will be taken care by E-eKarigar

Acceptance Criteria

- The website should be fully functional as per the described features.
- All categories, manufacturers, and products should be visible and accessible to users.
- The subscription model should be fully integrated and operational.
- Google Analytics, Google My Business, and Google Search Console should be working properly.

- The website should be fully responsive and work across all devices.

Conclusion

This project will provide manufacturers and service providers with a professional platform to showcase their business and connect with potential distributors or franchisees. The website will be designed to be user-friendly, secure, and scalable, ensuring that manufacturers can manage their listings effectively and distributors can find new opportunities easily.
