Proposal for Bollywood Masala

Scope of Work: What's Included

1. Homepage Redesign

- Clean and modern layout.
- 6–7 tabs/categories (displayed as sections with thumbnails):
  - Bollywood Updates
  - On Location
  - Masala Buzz
  - Top 5
  - Interviews
  - Behind the Scenes
  - Extra category based on client input.
- Each category shows a thumbnail grid of videos with titles.
- Thumbnails and titles will link directly to the respective YouTube video.

2. YouTube Integration

- All video thumbnails will be embedded/ linked from the client's YouTube channel.
- A visible Subscribe to YouTube Channel button.

3. Mobile Responsive Design

- Fully responsive on mobile, tablet, and desktop devices.

4. CMS Access

- Easy-to-manage backend to add/edit categories and YouTube links using WordPress.

5. Basic SEO Optimization

- Title tags, Meta descriptions, and alt tags for homepage content.

What's Not Included

- Video editing or YouTube content creation.
- SEO for inner pages or blog sections.
- Advanced analytics or custom YouTube API features.
- Website hosting charges or domain renewal.
