Proposal for Satya Bharat News

Scope of Work:

1. Deliverables

A. Website Features

- **Responsive Design:** Optimized for desktops, tablets, and mobiles.
- **Multi-Category Structure:** Sections like National, International, Politics, Sports, Entertainment, Technology, Health, etc.
- **Homepage Layout:** Featured articles, breaking news ticker, trending topics, and category highlights.
- **Search Functionality:** Keyword-based search with filters by date, category, and tags.
- **Social Media Integration:** Share buttons for platforms like Facebook, Twitter, and LinkedIn.
- **Commenting System:** User comments with moderation capabilities.
- **Newsletter Subscription:** Email capture for newsletters.
- **SEO Optimization:** Meta tags, schema mark-up, and sitemap generation.
- **Analytics Integration:** Google Analytics setup for traffic monitoring.

B. Admin Panel Features

- **User Authentication:** Secure login with role-based access (Admin, Editor, and Contributor).
- **Dashboard:** Overview of site metrics, recent posts, and pending approvals.
- **Content Management:**
  - Create, edit, publish, and archive articles.
  - Upload and manage images and media files.
  - Assign articles to categories and tags.
- **User Management:** Add/edit users, assign roles, and manage permissions.
- **Analytics Dashboard:** View site traffic, popular articles, and user engagement metrics.

Admin Panel Workflow for News Feed Management

- **Login:** Secure access with two-factor authentication.
- **Dashboard:** Overview of site statistics, recent activities, and pending tasks.

- **Review & Publish:** Preview article before publishing. Editors can approve or request revisions.
- **Post-Publication:**

    1. Monitor article performance via analytics.
    2. Engage with reader comments.
    3. Share on social media platforms.

2. Exclusions

- **Paid Plugins/Services:** Any third-party paid plugins or services, including YouTube integrations, are not included.
- **Content Creation:** Client will provide all textual and media content.
- **Ongoing Maintenance:** Post-launch maintenance and updates are not covered in this scope.
- **Email Services:** Transactional or marketing email services (e.g., Mail chimp, Send Grid) are excluded.
- **Domain & Hosting:** Is not included.

3. Costing

Component	Cost (INR)
Website Design & Development	₹1,50,000
GST @ 18%	₹27,000
Total Project Cost (Incl. GST)	**₹1,77,000**
