Proposal: Website Redesign & E-commerce Development

For: Sahara Agro Fertilizers

Mr. Anoop | +91-8591937808 | anoopbishnoibathinda@gmail.com

1. Project Overview

This proposal outlines the scope of work for redesigning the Sahara Agro Fertilizers website into a modern, responsive, and scalable B2B & B2C e-commerce platform. The new platform will support online product display, customer registration, order processing, bulk hiring requests, and payment gateway integration.
